

# ATR3350x / ATR3350xiS

## OMNIDIRECTIONAL CONDENSER CLIP-ON MICROPHONE

The newscaster-style omnidirectional lavalier microphone **ATR3350x** and **ATR3350xiS** are engineered for intelligible, accurate voice reproduction. With its low-profile design and convenient on/off switch, this high-quality condenser is ideal for video use. The **ATR3350xiS** is equipped with a dual-mono 3.5 mm output plug that, when connected to the 3.5 mm stereo input of a video camera, DSLR, or handheld audio recorder, sends audio to both the left and right channels. The **ATR3350x** and **ATR3350xiS** includes a clothing clip, LR44 battery, foam windscreen. The **ATR3350xiS** includes an additional mic/headphone adapter for use with tablets, computers, and smartphones that accommodate a 3.5 mm headset connection.

- Newscaster-style miniature mic is perfect for video use
- Dual-mono 3.5 mm output plug connects to a video camera, DSLR, or handheld audio recorder's stereo 3.5 mm input, to record audio on both left and right channels
